

STEP DOCTORS OF THE CAROLINAS

Professional Fiberglass Pool Step Repair

CRACKED OR DAMAGED POOL STEPS?

We Rebuild Them Right — With Premium Materials

- ✓ Premium gel coat only — never cheap paint
- ✓ No tub & tile paint
- ✓ No two-part epoxy paint that fails
- ✓ Strong structural support where needed

We use only premium gel coat for a durable, long-lasting finish that matches your pool. Cheap paints and two-part epoxy coatings simply do not last underwater.

Full step replacement costs \$10,000 or more depending on concrete and surrounding areas. Lots of labor involved. Major disruption to your pool and yard.

**\$3,500 –
\$4,000**
